

PRASHANT KUMAR SINGH

Mohali, India | +91 7352579915 | prashantsinghsca@gmail.com

PROFESSIONAL SUMMARY

As an Android Developer since October 2021, I have gained extensive experience by working on over 10 industrial projects and have contributed to some libraries as well. I am proficient in Kotlin and Java programming languages and have built a solid understanding of Android architecture, Dagger Hilt, Jetpack Compose, Socket, Retrofit, and Restful APIs in the past year. I am skilled in developing UI layouts, implementing logic, integrating APIs, debugging, and testing applications to ensure high-quality, user-friendly, and efficient performance. I am well-versed in collaborating with cross-functional teams to analyse requirements and develop solutions that meet business objectives. My ability to learn quickly and adapt to new technologies makes me an asset to any development team.

EXPERIENCE

10/2022 to Current **Android Application Developer**

Glaukoustech Solution PVT LTD – Bangalore, Karnataka, India

- Created automated tools to perform barcode scanning in the warehouse that helps to make inventory fast.
- Build a hardware application, in which the shuttle machine can be controlled from the Android device, with these I have learned to make a hardware solution as well.
- Created project plans with established timelines, assigned them to appropriate teams and managed workflow throughout construction.
- Created team objectives and roles with specific goals outlined for each individual.

10/2021 to 10/2022 **Android Application Developer Intern**

Apptunix – Mohali, Punjab, India

- Maintained in-depth knowledge of new technologies and development tools to enable cutting-edge app programming.
- Designed and developed targeted solutions to meet bespoke project briefs.
- Produced prototype to demonstrate core functionality at various development stages.

Projects: Shiplovo, Shiplovo Courier, GetCure: we Deliver meds

CORE QUALIFICATIONS

Android app development, Kotlin, Java, MVVM, Jetpack Compose, C++, C, Agile Development, HTML, CSS, Data Structure, Project Management, Problem-solving, MongoDB Realm

LANGUAGES

English, Hindi

EDUCATION

Master of Computer Application: Computer Science

LPU – Jalandhar, PB

Bachelor of Computer Application: Computer Science

BNUM – Purnia, BR
